Provide a short summary of the types of services your company provides (100 words or less):

Proactive Network Management Corporation has been providing technology solutions to K-12 and Higher Education organizations in Utah and the Intermountain west since 1991. PNMC's services include performing needs analysis, system design/implementation, and network audits - including network performance measurement, mapping and software inventory. Awareness of current technology and technology forecasting allow PNMC's staff to provide cost effective solutions to address trends which require reengineering and workflow redesign. Please see www.pnmc.com for more information on our technology partners.
